Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Northern Virginia Community College Manassas Center for Building and Construction Trades project in fiscal year 2025. The entity to receive funding for this project is Northern Virginia Community College, located at 8333 Little River Turnpike, Annandale, VA 22003.

The funding would be used to establish a regional center for building and construction trades, specifically by enhancing lab space and purchasing advanced technical equipment necessary to train a skilled construction workforce. The funding is an appropriate use of taxpayer funds because it will strengthen the availability of high quality, technically skilled personnel to support current and future economic growth in Northern Virginia.

This project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(4).

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jennifer Wexton  
Member of Congress
