All data reflects **estimated awards, actual award may vary. Estimates are based on data from CRS, Census Bureau, and HUD. 2021 state allocation assumes equal unemployment distribution and that labor force shares remain constant. Entitlement community and county data is based on the 2019 Census. Nonentitlement communities allocation data is based on the 2018 Census, estimates reflect the total nonentitlement that underlying population generates - overlapping jurisdictions may reduce amounts provided to governments, and town totals will not sum to total allocation*
